

Project Design Phase-II

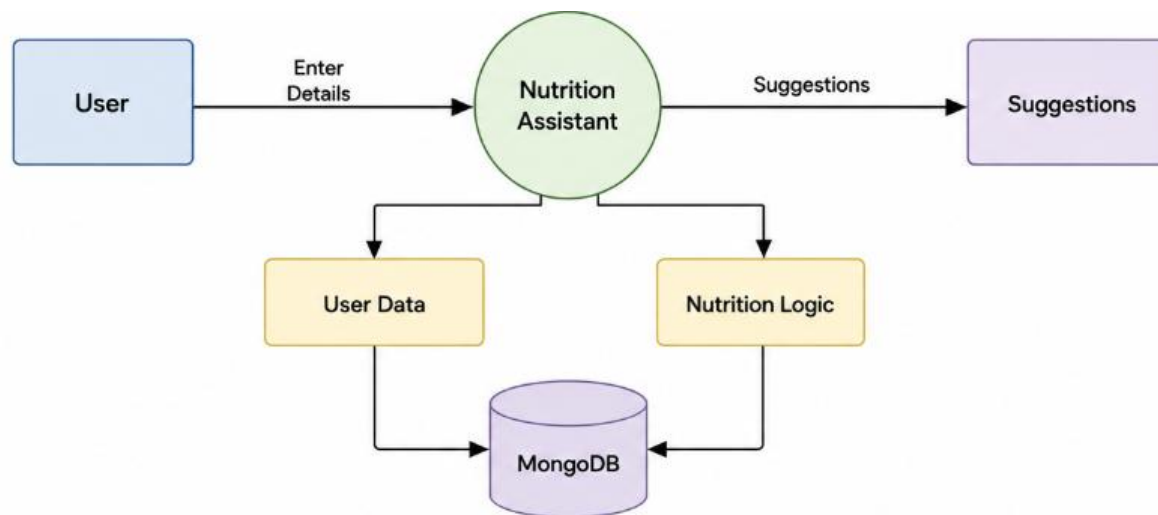

Data Flow Diagram & User Stories

Date	13 July 2026
Team ID	SWTID-2026-8698
Project Name	Nutrition Assistant
Maximum Marks	4 Marks

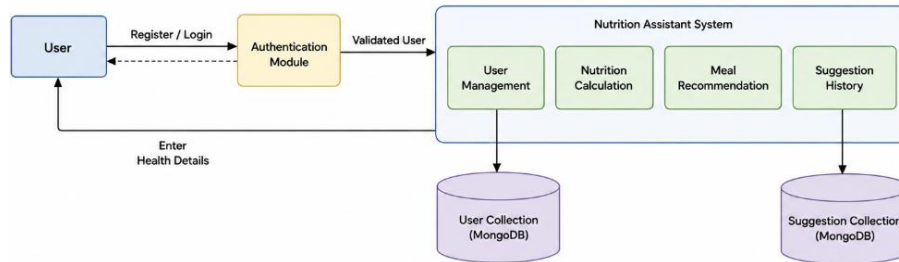

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

Example: (Simplified)

Example: DFD Level 0 (Industry Standard)

User Stories:

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Visitor (Guest User)	Registration	USN-1	As a visitor, I can create a new account using my personal details.	I can successfully create a new account.	High	Sprint-1
Registered User	Login	USN-2	As a registered user, I can log in using my email and password.	I can login using valid credentials.	High	Sprint-1
Registered User	Profile Management	USN-3	As a registered user, I can update my personal and health details.	I can save and update my profile details successfully.	High	Sprint-2
Health User	Nutrition Plan Generation	USN-4	As a health user, I can generate a personalized nutrition plan.	I can generate a personalized nutrition plan with calories, protein, carbohydrates, fats, and meal suggestions.	High	Sprint-2
Health User	Meal Recommendations	USN-5	As a health user, I can view meal recommendations based on my nutrition plan.	I can view recommended meals with calorie information.	Medium	Sprint-3
Registered User	Nutrition History	USN-6	As a registered user, I can view my previous nutrition plans.	I can access and view my nutrition history.	Medium	Sprint-3
Registered User	Dashboard	USN-7	As a registered user, I can view my dashboard with profile and nutrition summary.	I can view my dashboard with my latest nutrition summary.	Medium	Sprint-3

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Administrator	User Management & Security	USN-8	As an administrator, I can manage users and maintain application security.	I can manage users and monitor system security.	High	Sprint-4
